

Johan Van Wyk

PORTFOLIO

I am *Johan Van Wyk* and have been creating unique art since 2005, specialising in magnificent abstract pouring with my personal style and dazzling colours as my trademark. My creative styles flow and make one feel magical, virtuous, not to mention taking you on a complete journey of the Mind, Body and Soul.

I have exhibited at local art galleries, and various online exhibitions. Art of this incredible nature increases in value with time, resulting in several Art Collectors purchasing my artifacts already.

My passion for the Arts encourages me to want to share my virtuous gift to international investors so my flair and creativity can travel the world and be shared with fine & unique individuals.

Follow me to capture the essence of my new pieces, and buy into one of the best experiences your mind could travel to when owning a *Johan Van Wyk* treasure in your collection.
